INDUSTRY

Icoграда 50th Anniversary

Icoграда is celebrating its 50th anniversary this year. To mark the occasion a new participatory logo has been created. Designed by Michela Povoleri, a resident of Fabrica's Visual Communication department and directed by Omar Vulpinari, former vice president of Icoграда, the basic shape of the logo is an interpretation of the number "50" inspired by the dual globes old world maps, which Icoграда members are able to fill with images of regional significance.
